# PERSONALIZATION

## **Impressions Imaging**

Impressions Imaging is a four color heat transfer process for graphic images. It allows for complete creative freedom and unlimited possibilities. This process can be applied to almost any urn with a flat surface. Choose from one of six standard templates or provide your own image.

## **Urn Pendants**

For those urns that cannot be personalized directly on the surface of the urn, such as the Cloisonné collection, the family may opt to have an urn pendant engraved to elegantly hang around the urn. Available in Bronze and Pewter, Oval and Frame pendants.

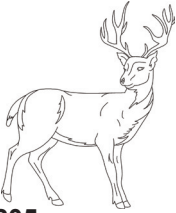

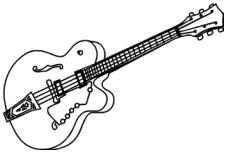

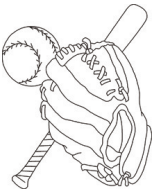

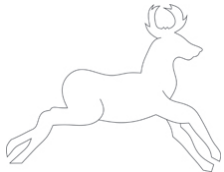

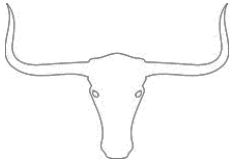

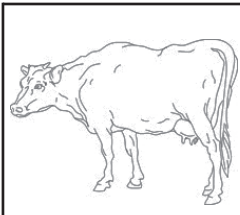

## **Appliques and Medallions**

Bronze appliques and medallions can be selected to add a special touch to any flat surface urn including the most popular bronze and hardwood.
